

# SINTERMETALL VACUUM WORKHOLDING TYPE VMS

REF 30.03

{ERREUR : balise [PRESTATION\_CRITERE\_ASOUST] inconnue}

Rugged construction / Innovative / Sure / Effective

**Grinding, Milling, Control, Drilling, Contouring,  
Machining, Polishing**

- . Porrous metal vacuum chuck
  - . Clamping slots
  - . 1 ON/OFF system
  - . Suction along transversal axe
- Suitable to clamp very small pieces without deforming them.

## Options

Other dimensions

Suction along longitudinal axe

Several independant areas of clamping

Special machining

Machining for palettizing machines

End stops

With base plate in steel to clamp on magnetic chuck
